

ICNME 2019

CHENG DU, CHINA

APRIL 26-28, 2019

Conference Proceedings

INTRODUCTION

The 7th International Conference on Nanomaterials and Materials Engineering in Chengdu, China during April 26-28, 2019. It is mainly organised by International Academy of Computing Technology (IACT) and technically supported by some universities and associations. This unique international conference provides a forum for academics, researchers and practitioners from many industries to exchange ideas and share recent developments in the field of Nanomaterials and Materials Engineering

- EasyChair Submission
System: <http://www.easychair.org/conferences/?conf=icnme2019>

Publication

- All the registered and presented full papers will be published into conference proceedings, which is indexed by EI Compendex, Scopus, Thomson Reuters (WoS), Inspec, et al.

Conference Topics

Nanomaterials and Nanotechnology
Biomaterials and Biomedical Engineering
Ceramic and Glass Materials
Crystal Defect Engineering
Crystallographic Domain Engineering
Domain Microstructure Evolution
Electronic and Magnetic Materials
Experimental Characterizations
Nanotechnology and Materials
Shape Memory Alloys and Martensites
